

Sentronic PAT Workshop

12th to 13th of September 2023

Sentronic PAT meeting:

NIR-based PAT for Solid Dose Pharmaceutical Manufacturing

Greetings,

Sentronic is excited to announce that we are hosting our inaugural NIR PAT meeting in Lambertville, NJ on September 12th and 13th. The meeting will consist of talks from well-known PAT experts and will cover a broad range of implementations of NIR PAT. This meeting will be structured in a similar fashion to the NIR workshops hosted by Sentronic GmbH in Dresden, Germany. We believe attendees will find this event an excellent forum for learning best practices for successful PAT implementation and a great way to meet other NIR PAT practitioners.

Attendees will also have an opportunity to explore the Lambertville, NJ / New Hope, PA community. Conference attendees includes a chance to take a private ride on the New Hope Railroad on the evening of September 12th. We look forward to seeing you at the NIR PAT meeting this Fall!

Best regards,

Owen Rehrauer
President, Sentronic US Corp

Who should attend

- Users of SentroPAT systems
- Anyone interested in integrating NIR PAT in their processes
- University students interested in learning about NIR PAT
